

CMI ENVIRONMENT

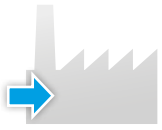

WATER
CMI Proserpol

CMI Proserpol, your specialist in water treatment

As an expert in water treatment since 1975, CMI Proserpol designs, builds and operates worldwide turnkey installations.

Our know-how

Process water

Industrial waste water

Drinking water

Urban water

Services

Reagents transfer

Our offer

STUDIES

- Basic design
- Laboratory tests and guidance
- Pollution level calculations

PROJECTS

- Execution studies
- Turnkey installations
- Installation revamping
- Commissioning

SERVICES

- Operation and maintenance
- Operational assistance
- Audits
- Spare parts
- Training

Our solutions

Filtration **Ozonation** **Biological treatment**
 Activated carbon **Reverse osmosis**
MBBR **Methanization**
Physical-chemical treatment **Zero liquid discharge**
 Demineralization **Evapo-concentration**
Membrane processes **Recycling** **Pretreatment**
 Anti-scaling treatment **Electrochlorination**
Neutralization **Sludge digestion** **Electrodialysis**
 Bio Reactor Membrane

Our sectors of activity / Clients

INDUSTRY

- Chemical
- Cosmetics
- Distilleries and bio-fuels
- Electronic
- Food industries
- (Hydro) metallurgy
- Metals use
- Paper (NEYRTEC)
- Petrochemical
- Pharmaceutical
- Surface treatment

ENERGY

- Industrial boilers
- Nuclear energy plants
- Thermal plants

WASTE

- Agro-industrial biomass
- Gas scrubbing water (waste incinerator)
- Treatment of leachates

URBAN WATER

- Drinking water
- Used water

AT YOUR SERVICE...

- A team of engineers and technicians
- Experienced design office
- Specialized test laboratories
- QSE Commitment to quality control
